Sir:

In response to the Office Action dated August 9, 2002, please amend the above-identified  
application as follows:

IN THE CLAIMS:

Please enter the following amended claims:

1. (Twice Amended) A plane light source unit comprising:
- a light pipe including an upper surface, a lower surface, and an incidence side surface,  
and including a light output means formed in said upper surface so that light incident on said  
incidence side surface exits from said lower surface through said light output means while light  
incident on said lower surface is transmitted through said upper surface; and
